INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF
RAMGOPAL POLYTEX LIMITED

Report on the Ind AS Financial Statements

Opinion

We have audited the accompanying Ind AS financial statements of Ramgopal Polytex Limited ("the Company"), which comprise the Balance Sheet as at 31st March, 2019 and the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to the Financial Statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2019, and its losses, and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no key audit matters to communicate in our report.

Other Information

The Company's management and Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to the Board Report, Corporate Governance Report and Shareholders Information, but does not include the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and those charged with governance for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the Indian accounting standard (Ind AS) and accounting principles generally accepted in India, specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibility for the Audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Annexure “B” to the Independent Auditors’ Report

ANNEXURE “B” REFERRED TO IN “REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS” SECTION OF OUR REPORT TO THE MEMBERS OF THE RAMGOPAL POLYTEX LIMITED OF EVEN DATE

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of RAMGOPAL POLYTEX LIMITED (“the Company”) as of 31st March, 2019 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing specified under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI. Our opinion is not modified in respect of this matter.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2019

NOTE 1

A. CORPORATE INFORMATION

Ramgopal Polytex Limited ("The Company") is a public limited Company domiciled in India. The Shares of the Company are listed on BSE Limited, National Stock Exchange of India Limited and The Calcutta Stock Exchange Association Limited. The Company is primarily engaged in the business of trading of polymer, yarn etc.

B. SIGNIFICANT ACCOUNTING POLICIES

(i) Basis of Preparation of Financial Statements

These financial statements have been prepared in accordance with the generally accepted accounting principles in India under the historical cost convention (except for certain financial instruments that are measured at fair values and defined benefit employee plans) on accrual basis to comply in all material aspects with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

The financial statements have been prepared on accrual and going concern basis. The accounting policies are applied consistently to all the periods presented in the financial statements. All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria as set out in the Division II of Schedule III to the Companies Act, 2013. Based on the nature of products and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

(ii) Key Estimates and Assumptions

The preparation of financial statements requires management to make judgments, estimates and assumptions in the application of accounting policies that affect the reported amounts of assets, liabilities, disclosure of contingent liabilities as at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results may differ from these estimates. Continuous evaluation is done on the estimation and judgments based on historical experience and other factors, including expectations of future events that are believed to be reasonable. Actual results may differ from those estimates. Any revision to accounting estimates is recognised prospectively in current and future periods. Information about critical judgments in applying accounting policies, as well as estimates and assumptions that have the most significant effect to the carrying amounts of assets and liabilities within the next financial year, are as follows:

- Determination of the estimated useful lives of tangible assets and the assessment as to which component of the cost may be capitalized.
- Impairment of Property, Plant and Equipments
- Recognition and measurement of defined benefit obligations
- Recognition of deferred tax assets
- Fair value of financial instruments
- Provisions and Contingent Liabilities

(iii) Property, Plant and Equipment(PPE)

PPE are initially recognised at cost. The initial cost of PPE comprises its purchase price, including non-refundable duties and taxes net of any trade discounts and rebates, any directly attributable cost of bringing the PPE to its working condition for its ready intended use and estimated costs of dismantling and removing the item and restoring the item and restoring the site on which it is located. The cost of PPE includes interest on borrowings (finance cost) directly attributable to acquisition. PPE are stated at cost less accumulated depreciation and impairment losses, if any. The Company had applied for the one time transition exemption of considering the carrying cost on the transition date i.e. 1st April, 2016 as deemed cost under Ind As. Hence, regarded thereafter as historical cost.

Subsequent costs are included in the PPE's carrying amount or recognised as a separate PPE, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2019

Depreciation on tangible PPE is charged after considering residual value of five percent, is provided on Straight Line Method in the manner specified in Schedule II to the Companies Act, 2013 except for carrying value of property, plant and equipment as on 1st April, 2014 which is depreciated equally over the balance useful life of the PPE.

The carrying values of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

The residual values, useful life and depreciation method are reviewed at each financial year-end to ensure that the amount, method and period of depreciation are consistent with previous estimates and the expected pattern of consumption of the future economic benefits embodied in the items of property, plant and equipment.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the PPE. Any gain or loss arising on disposal or retirement of an item of property, plant and equipment is determined as the difference between sales proceeds and the carrying amount of the PPE and is recognised in profit or loss. Fully depreciated PPE still in use are retained in financial statements.

(iv) Intangible Assets

Intangible assets are measured on initial recognition at cost and subsequently are carried at cost less accumulated amortisation and accumulated impairment losses, if any. An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses on derecognition are determined by comparing proceeds with carrying amount.

(v) Financial Instruments

Financial Assets – Initial Recognition

Financial assets are recognised when the Company becomes a party to the contractual provisions of the instruments. On initial recognition, a financial assets is recognised at fair value, in case of financial assets which are recognized at fair value through profit and loss (FVTPL), its transaction cost are recognized in the statement of profit and loss. In other cases, the transaction cost are attributed to the acquisition value of the financial assets.

Subsequent Measurement

Financial Assets are subsequently classified as measured at:

- Amortised Cost
- Fair Value through Profit and Loss (FVTPL)
- Fair Value through Other Comprehensive Income (FVTOCI)

The above classification is being determined considering the:

- (a) The entity's business model for managing the financial assets and
- (b) The contractual cash flow characteristics of the financial assets.

Financial assets are not reclassified subsequent to their recognition, except if and in the period the Company change its business model for managing financial assets.

(i) Measured at Amortised Cost

Financial assets are subsequently measured at amortised cost, if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows and contractual terms of the financial asset give rise on specified date to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(ii) Measured at Fair Value through Other Comprehensive Income (FVTOCI)

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows that give rise on specified dates to solely payments of principal and interest on the principal amount outstanding and by selling financial assets. Fair value movements are recognised in the Other Comprehensive Income (OCI). Interest income measured using the EIR method and impairment losses, if any are recognised in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognised in OCI is reclassified from the equity to 'Other Income' in the Statement of Profit and Loss.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2019

(iii) Measured at Fair Value through Profit or Loss (FVTPL)

Financial assets other than equity instrument are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income on initial recognition. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognised in the Statement of Profit and Loss.

Impairment

The Company recognises a loss allowance for Expected Credit Losses (ECL) on financial assets that are measured at amortised cost and at FVOCI. The credit loss is difference between all contractual cash flows that are due to an entity in accordance with the contract and all the cash flows that the entity expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate. This is assessed on an individual or collective basis after considering all reasonable and supportable including that which is forward looking.

The Company's trade receivables or contract revenue receivables do not contain significant financing component and loss allowance on trade receivables is measured at an amount equal to life time expected losses i.e. expected cash shortfall, being simplified approach for recognition of impairment loss allowance.

Under simplified approach, the Company does not track changes in credit risk. Rather it recognise impairment loss allowance based on the life time ECL at each reporting date right from its initial recognition. The Company uses a provision matrix to determine impairment loss allowance on the portfolio of trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward looking estimates are analysed.

For financial assets other than trade receivables, the Company recognises 12 Months expected credit losses for all originated or acquired financial assets if at the reporting date the credit risk of the financial assets has not increased significantly since its initial recognition. The expected credit losses are measured as lifetime expected credit losses if the credit risk on financial assets increases significantly since its initial recognition. If, in a subsequent period, credit quality of the instrument improves such that there is no longer significant increase in credit risks since initial recognition, then the Company reverts to recognising impairment loss allowance bases on 12 months ECL. The impairment losses and reversals are recognised in Statement of Profit and Loss. For financial assets measured at FVTPL, there is no requirement of impairment testing.

Derecognition

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial assets expire, or it transfers rights to receive cash flows from an asset, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement.

In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Financial liabilities

Initial Recognition and Measurement

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial liabilities are initially recognized at fair value net of transaction costs for all financial liabilities not carried at fair value through Profit or Loss.

The Company's financial liabilities include trade and other payables, loans and borrowing including bank overdrafts.

Subsequent Measurement

Financial liabilities measured at amortised cost are subsequently measured at using EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

Loans and Borrowings

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using EIR

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2019

method. Gains and losses are recognised in profit and loss when the liabilities are derecognised as well as through EIR amortisation process.

Financial Guarantee Contracts

Financial guarantee contracts issued by the Company are those contracts that requires a payment to be made or to reimburse the holder for a loss it incurs because the specified debtors fails to make payment when due in accordance with the term of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee.

Derecognition

A financial liability is derocognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lander on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

Derivative Financial Instruments

The Company uses derivative financial instruments, such as forward foreign exchange contracts, to hedge its foreign currency risks. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently remeasured at fair value, with changes in fair value recognised in Statement of Profit and Loss.

Off Setting of Financial Instruments

Financial assets and financial liabilities are off set and the net amount is reported in financial statements if there is a currently enforceable legal right to off set the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

(vi) Measurement of Fair Values

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is Unobservable

(vii) Inventories

Inventories are valued at lower of cost (on weighted average basis) and net realisable value after providing for obsolescence and other losses, where considered necessary. Cost includes all charges in bringing the goods to their present location and condition, including taxes, transit insurance and receiving charges. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2019

(viii) Revenue Recognition

Effective 1st April, 2018, the Company has adopted Indian Accounting Standard 115 (Ind AS 115) Revenue from Contracts with Customers' using the cumulative catch-up transition method, applied to contracts that were not completed as on the transition date i.e. 1st April, 2018. Accordingly, the comparative amounts of revenue and the corresponding contracts assets/liabilities have not been retrospectively adjusted. The effect on adoption of Ind AS 115 was insignificant.

Revenue from contracts with customers is recognised when control of the goods are transferred to the customer at an amount that reflects the consideration entitled in exchange for those goods. The Company is generally the principal as it typically controls the goods before transferring them to the customer.

Generally, control is transferred upon shipment of goods to the customer or when the goods is made available to the customer, provided transfer of title to the customer occurs and the Company has not retained any significant risks of ownership or future obligation with respect to the goods shipped.

Revenue is measured at the amount of consideration which the Company expects to be entitled to in exchange for transferring distinct goods to a customer as specified in the contract, excluding amounts collected on behalf of third parties (for example taxes and duties collected on behalf of the government).

Contract Balances

Trade Receivables

A receivable represents the Company's right to an amount of consideration that is unconditional.

Contract liabilities

A contract liability is the obligation to transfer goods to a customer for which the Company has received consideration from the customer.

Interest Income

Interest income from financial assets is recognised using effective interest rate method.

Dividend Income

Dividend income is recognised when the Company's right to receive the amount has been established

(ix) Employee Benefits

Short-Term Employee Benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short term employee benefits. Benefits such as salaries, performance incentives, etc., are recognized as an expense at the undiscounted amount in the Statement of Profit and Loss of the year in which the employee renders the related service.

Post Employment Benefits

(a) Defined Contribution Plans

Payments made to a defined contribution plan such as Provident Fund and Family Pension maintained with Regional Provident Fund Office are charged as an expense in the Statement of Profit and Loss as they fall due.

(b) Defined Benefit Plans

The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods, after discounting the same. The calculation of defined benefit obligations is performed annually by qualified actuary using the projected unit credit method. Re-measurement of the net defined benefit liability, which comprise actuarial gains and losses are recognized immediately in "Other Comprehensive Income (OCI)". Net interest expense (income) on the net defined liability (assets) is computed by applying the discount rate, used to measure the net defined liability (asset). Net interest expense and other expenses related to defined benefit plans are recognized in Statement of Profit and Loss. When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service or the gain or loss on curtailment is recognized immediately in Statement of Profit and Loss. The Company recognizes gains and losses on the settlement of a defined benefit plan when the settlement occurs.

Terminal Benefits

All terminal benefits are recognized as an expense in the period in which they are incurred

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2019

(x) Borrowing Costs

Borrowing costs are interest and other costs that the Company incurs in connection with the borrowing of funds and is measured with reference to the effective interest rate applicable to the respective borrowing. Borrowing costs that are directly attributable to the acquisition of an asset that necessarily takes a substantial period of time to get ready for its intended use are capitalised as part of the cost of that asset till the date it is put to use. Other borrowing costs are recognised as an expense in the period in which they are incurred.

(xi) Taxes on Income

Income tax expense comprises current tax and deferred income tax. Tax is recognized in the Statement of Profit and Loss except to the extent that it relates to items recognized in the Other Comprehensive Income or in equity. In which case, the tax is also recognised in Other Comprehensive Income or Equity.

Current Tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the income tax authorities, based on tax rate and laws that are enacted at the Balance Sheet date.

Deferred Tax

Deferred income tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the Financial Statements and the corresponding tax bases used in the computation of taxable profit.

Deferred income tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or assets realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of Deferred tax liabilities and assets are reviewed at the end of each reporting period.

(xii) Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognized, when there is a present legal or constructive obligation as a result of past events, where it is probable that there will be outflow of resources to settle the obligation and when a reliable estimate of the amount of the obligation can be made. Where a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows. Where the effect is material, the provision is discounted to net present value using an appropriate current market-based pre-tax discount rate and the unwinding of the discount is included in finance costs.

Contingent liabilities are recognised only when there is a possible obligation arising from past events, due to occurrence or non-occurrence of one or more uncertain future events, not wholly within the control of the Company, or where any present obligation cannot be measured in terms of future outflow of resources, or where a reliable estimate of the obligation cannot be made. Obligations are assessed on an ongoing basis and only those having a largely probable outflow of resources are provided for.

Contingent assets are not disclosed in the financial statements unless an inflow of economic benefits is probable.

(xiii) Leases

Assets acquired under leases where the Company has substantially all the rights and rewards of ownership are classified as finance leases. Such assets are capitalised at the inception of the lease at the lower of the fair value and the present value of minimum lease payments and a liability is created for an equivalent amount. Each lease rental paid is allocated between the liability and the interest cost, so as to obtain a constant periodic rate of interest on the outstanding liability for each period.

Assets acquired as leases wherein significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating lease. Lease rentals are charged to Statement of Profit and Loss on accrual basis.

(xiv) Foreign Currency Transactions

Transactions in foreign currency are recorded at the rate of exchange in force at the date of the transaction. Assets and Liabilities in foreign currency outstanding at the year end, if any, are stated at the rate of exchange prevailing at the close of the year and the resultant gain / loss is recognised in the Statement of Profit and Loss.

(xv) Cash and Cash Equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2019

of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

C. STANDARDS ISSUED BUT NOT EFFECTIVE

March 30, 2019, the Ministry of Corporate Affairs (MCA) has notified Ind AS 116 – Leases and certain amendment to existing Ind AS. These amendments shall be applicable to the Company from 1st April, 2019.

(i) Issue of Ind AS 116- Leases

Ind AS 116 will replace the existing leasing standard i.e. Ind AS 17 and related interpretations. Ind AS 116 introduces a single lessee accounting model and requires lessee to recognise assets and liabilities for all leases with non-cancellable period of more than twelve months except for low value assets. Ind AS 116 substantially carries forward the lessor accounting requirement in Ind AS 17.

(ii) Amendment to Existing Standard

The MCA has also carried out amendments of the following accounting standards

- a) Ind AS 101 – First Time Adoption of Indian Accounting Standards
- b) Ind AS 103 – Business Combination
- c) Ind AS 109 – Financial Instruments
- d) Ind AS 111 – Joint Arrangement
- e) Ind AS 12 – Income Taxes
- f) Ind AS 19 – Employee Benefits
- g) Ind AS 23 – Borrowing Costs
- h) Ind AS 28 – Investment in Associates and Joint Ventures

Application of above standards are not expected to have any significant impact on the Company's Financial Statements.

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below.

	(Rupees in Lakhs) March 31, 2019		(Rupees in Lakhs) March 31, 2018	
	Increase	Decrease	Increase	Decrease

Salary escalation (0.5% movement)	19.29	18.53	16.96	16.23

The sensitivity analysis above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period.
