#### ANNEXURE 'B' TO THE AUDITORS' REPORT

## REFERRED TO IN PARAGRAPH 2 (f) UNDER "REPORT ON OTHER LEGAL AND REGULATORY REQUIRNMENTS" OF THE INDEPENDENT AUDITORS' REPORT OF EVEN DATE TO THE MEMBERS of Ramgopal Polytex Limited on the standalone financial statements for the year ended 31<sup>st</sup> March, 2017.

#### Report on the Internal Financial Controls under Clause (i) of sub-section 3 of Section 143 of the Act

We have audited the internal financial controls over financial reporting of **M/s. RAMGOPAL POLYTEX LIMITED** ('the Company') as of 31<sup>st</sup> March, 2017, in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

#### Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing down and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

#### Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the 'Guidance Note') and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

#### Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of the management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

#### Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31<sup>st</sup> March, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by ICAI.

#### NOTE '1'

#### **Summary of Significant Accounting Policies**

#### A. Basis of Accounting:

- i) The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards specified under Section 133 of the Companies Act, 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014 and the relevant provisions of the Companies Act, 2013. The financial statements have been prepared as a going concern on accrual basis under the historical cost convention. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year.
- ii) Interest receivable on customers' overdues is consistently accounted for on cash basis, as the quantum of income thereof cannot be determined with reasonable certainty.

#### B. Use of Estimates:

The presentation of financial statements in conformity with generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affects the reported amounts of assets and liabilities and the disclosures of contingent liabilities on the date of the financial statements and reported amounts of revenue and expenses for that year. Actual results could differ from those estimates. Any revision to accounting estimates is recognised prospectively.

#### C. Fixed Assets:

Fixed assets are valued at cost less depreciation. Cost comprises of purchase price and any attributable cost of bringing the assets to the working conditions for its intended use.

#### D. Depreciation:

Depreciation on tangible Fixed Assets after considering residual value of five percent, is provided on Straight Line Method in the manner specified in Schedule II to the Companies Act, 2013 except for carrying value of fixed assets as on 1st April, 2014 which is depreciated equally over the balance useful life of the assets.

#### E. Impairment of Assets:

The Company assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the management estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and recognised in the profit and loss account. If at the balance sheet date, there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost.

#### F. Investments:

Long term investments are stated at cost. No adjustment is made to the carrying cost for the temporary decline in the market value of investments.

#### G. Inventories:

Inventories are valued at lower of cost and net realisable value. Cost is assigned on FIFO basis. Obsolete, defective and unserviceable items are provided for.

Inventory of traded goods includes costs incurred in bringing the inventories to their present location and condition.

#### H. Revenue Recognition:

Revenue from Sale of trading goods is recognized when significant risks and rewards in respect of ownership of materials are transferred to customers.

Revenue from interest income is recognised using the time proportion method based on the rate implicit in the transactions.

#### I. Foreign Currency Transactions:

Transactions in foreign currency are recorded at the rate of exchange in force at the date of the transaction. Assets and Liabilities in foreign currency outstanding at the year end, if any, are stated at the rate of exchange prevailing at the close of the year and the resultant gain / loss is recognised in the Statement of Profit and Loss, except in cases covered by forward exchange contracts in which case they are translated at the contracted rates and the resultant gains / losses are recognised over the life of the contracts.

#### J. Leases:

Assets acquired under leases where the Company has substantially all the rights and rewards of ownership are classified as finance leases. Such assets are capitalised at the inception of the lease at the lower of the fair value and the present value of minimum lease payments and a liability is created for an equivalent amount. Each lease rental paid is allocated between the liability and the interest cost, so as to obtain a constant periodic rate of interest on the outstanding liability for each period.

Assets acquired as leases wherein significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating lease. Lease rentals are charged to Statement of Profit and Loss on accrual basis.

#### K. Retirement benefits:

Liability in respect of retirement benefits as at the year end is provided for and / or funded and charged to Statement of Profit & Loss as follows:

- a) Provident / Family Pension fund as a percentage of salary/wages to eligible employees.
- b) Gratuity is provided in accordance with the provisions of Accounting Standard (AS) -15 "Employee Benefits" on the basis of actuarial valuation carried out as at the year end by an independent actuary.
- c) Liability in respect of leave is provided for on the basis of accumulated leave as at the year end.

#### L. Borrowing Costs:

Borrowing costs attributable to the acquisition and construction of assets are capitalised as part of the cost of respective assets up to the date when such asset is ready for its intended use. Other borrowing costs are charged to the revenue.

#### M. Taxation:

Provision for current tax is made on the basis of estimated taxable income for the current accounting year in accordance with the Income Tax Act, 1961.

MAT credit asset is recognized and carried forward only if there is a reasonable certainty of it being set off against regular tax payable within the stipulated statutory period.

The deferred tax for timing differences between the book and tax profits for the year is accounted for, using the tax rates and laws that have been substantively enacted as of the Balance Sheet date. Deferred tax assets arising from timing differences are recognized to the extent there is a virtual / reasonable certainty that these would be realised in future.

#### N. Provisions, Contingent Liabilities and Contingent Assets:

Provision is made based on the reliable estimate, when it is probable that an outflow of resources embodying economic benefit will be required to settle an obligation. Contingent liabilities, if material, are disclosed by way of notes to accounts. Contingent Assets are not recognised or disclosed in the financial statements.
